- debt securities, being government and corporate bonds issued by issuers in the Kingdom of Saudi Arabia; and
- cash or short term money market instruments.

Debt securities and cash collectively will not exceed 35% of the Fund's net asset value.

Further details on the Fund's principal investment strategies are set out at section 2.9 below.

2.9 *Investment strategies*

As noted in section 2.8 above, the Fund intends to provide Investors with medium to long-term capital appreciation. It intends to do this by pursuing the investment strategies set out below. Whilst the Fund will not limit its investments to those securities that form part of the TASI, it will benchmark itself against the TASI for the purposes of giving Investors an indication of performance relative to an existing standard. The fees payable to the Fund Manager will not, however, be determined by reference to performance measured against the TASI or another comparable.

(a) Types of securities

The Fund Manager will employ an active investment strategy for investment directly in:

- (i) equity securities listed on the Tadawul;
- (ii) unlisted equity securities of companies operating in the Kingdom of Saudi Arabia, limited to 10 % of the Fund's portfolio by value at the time of acquisition of such unlisted equity securities, in anticipation of a listing of such securities within 18 months of the Fund's investment;
- (iii) debt securities, being government and corporate bonds issued by issuers in the Kingdom of Saudi Arabia; and
- (iv) cash or short term money market instruments.

Debt securities and cash collectively will not exceed 35% of the Fund's net asset value.

(b) Concentration - industry and country

The Fund will not operate a strategy that excludes certain industries but will retain the highest possible degree of flexibility, although it will limit its investments to the Kingdom of Saudi Arabia.

(c) Transactions, techniques and instruments

The Fund will effect its investments through long only strategies on equities, equity-related securities, debt securities, cash and short term money market instruments.

(d) Other restrictions - type of securities/other investment assets

The investment strategy of the Fund will be subject to the following restrictions:

- (i) The Fund will not hold in excess of 5% of the issued securities by value of any issuer.
- (ii) The exposure of the Fund to a single issuer will not exceed 15% of the Fund's net asset value at any time.
- (iii) The Fund will not hold more than 10% of its net asset value at any time in any class of security issued by any single issuer (at the time of acquisition of such securities), with the exception of securities issued by the Government of the Kingdom of Saudi Arabia.
- (iv) The Fund Manager may hold more than 10% of the Fund's net assets in securities issued by any single issuer, provided that the proportion of such an investment of the Fund's total net assets does not exceed the free float weight of the Tadawul represented by that issuer.
- (v) The Fund may not invest more than 10% of its net asset value from time to time in illiquid investments.
- (vi) The Fund may not acquire any asset that involves the assumption of any liability that is unlimited or assume, guarantee, endorse or otherwise become directly or contingently liable for any obligation or indebtedness of any other person (whether natural or legal).
- (vii) The portfolio of the Fund may not include any security where a call is to be made for any sum unpaid on that security unless that call could be met in full out of cash or securities which can be converted into cash within five days from the Fund's portfolio.
- (viii) The Fund may not lend to any person (whether legal or natural), but it may acquire debt instruments in conformity with the investment objectives of the Fund set out in this Information Memorandum.

(e) Borrowing powers

The maximum borrowing of the Fund will not exceed 10% of its net asset value at the time of effecting such borrowing except in the case of borrowing from the Fund Manager or an affiliate of the Fund Manager to meet redemption requests pursuant to the Investment Funds Regulations.

(f) Securities market

The Fund may invest in securities listed on the Tadawul. In addition, the Fund may invest in unlisted securities, debt securities and cash or short term money market instruments, subject always to the investment restrictions set out in this Information Memorandum.

(g) Investment in other funds

The Fund will not acquire units of another investment fund if (i) the total units of all acquired investment funds owned by the Fund would in aggregate exceed 10% of the Fund's net asset value at the time of acquisition or; (ii) the total units of any given acquired investment fund would exceed 10% of the net asset value of that acquired investment fund at the time of such acquisition.

2.10 *Major risks*

Investing in the Fund involves a high degree of risk. Investors should carefully consider the following risks, and all information contained in this Information Memorandum, before investing in the Fund. Additional risks and uncertainties that are not set out below or that are currently believed to be immaterial may also adversely affect the investment returns and net asset value of the Fund. The risks below are not set out in any order of importance.

(a) Principal risks

The following specific risks may have a material negative effect on the value of the Fund's investments. Such depreciation of the value of the underlying investments of the Fund may negatively affect the value of any investment in the Fund:

(i) Applicable laws and regulations

The businesses in which the Fund is seeking to invest may be subject to numerous laws, including those relating to health and safety, licensing, antitrust, financial regulation, and environmental concerns. Such businesses may also be subject to laws that govern their relationships with employees in such areas as minimum wage and maximum working hours, overtime, working conditions, hiring and redundancy, pension and employment benefits and work permits. Changes in applicable laws, or interpretations of existing laws or regulations, could require changes to current business practices, or substantially increase the costs and reduce the profitability of the businesses in which the Fund has investments.

(ii) Capital erosion risk

If the Saudi Arabian market were to fall, the Fund's net asset value would likely drop in line with the market decline, although it may be reduced to a greater extent than underlying market falls.

(iii) Conflicts of interest

Due to the widespread operations undertaken by the Fund Manager and the directors of the Fund and their respective affiliates, employees and agents, conflicts of interest may arise. For example, any such party may promote, manage, advise, sponsor or be otherwise involved in other collective investment vehicles and, in particular, conflicts could arise relating to the allocation of investment opportunities between the Fund and such other collective investment schemes or other clients of any such party. In such circumstances the Fund Manager has agreed to allocate such opportunities equitably between such clients and the Fund. The Fund Manager has agreed to use best efforts to resolve any such conflict equitably.

(iv) Economic risks

The Fund's returns will be affected in general by economic and political developments in or affecting the Kingdom of Saudi Arabia (and other countries in which companies in which the Fund may invest carry on their business). Although the Kingdom of Saudi Arabia continues to pursue a policy of divergence to enhance the contribution of non-oil sector to its GDP, oil income will continue to play a pivotal role in its economic planning and development. Consequently, any sustained down-turn in oil prices is likely to have a negative impact on the Kingdom's overall economy, with the potential for adverse ripple effects felt at all micro levels, including on the TASI and the Fund.

(v) Equity risk

Investment funds that invest in listed equities are affected by stock market movements. When the economy is strong, the outlook for many companies will be good, and share prices will generally rise, as will the net asset value of investment funds that own these shares. On the other hand, share prices usually decline in times of general economic or industry downturn. Equity securities of certain companies or companies within a particular industry sector may fluctuate differently from the overall stock market because of changes in the outlook for those individual companies or the particular industry.

(vi) Investment in smaller companies

The companies in which the Fund may invest may include small unlisted companies and listed companies which have a low market capitalisation. Investment in the securities of smaller companies can involve greater risks than is customarily associated with larger, more established companies. In particular, smaller companies often have limited product lines, markets or financial resources and may be dependent for their management on a smaller number of key individuals. In addition, the market for stock in smaller companies is frequently less liquid than that for stock in larger companies, bringing with it potential difficulties in acquiring, valuing and disposing of such stock.

(vii) Issuer-specific risk

The market value of an individual issuer's securities can be more volatile than the market as a whole. As a result, if a single issuer's securities represent a significant portion of the net asset value of the Fund's assets, changes in the market value of that issuer's securities may cause greater fluctuations in the Fund's net asset value than would normally be the case. A less-diversified fund may also suffer from reduced liquidity if a significant portion of its assets is invested in any one issuer, although this is mitigated by the investment restrictions detailed in section 2.9 (d) above.

(b) Risk and return

Investment in the Fund carries the risk of loss of part or all of an Investor's investment. The degree of this risk varies considerably from one investment fund to the next. Prior to making an investment in the Fund, an Investor should seek professional advice to determine whether an investment in the Fund is appropriate for that Investor.

Money market funds can be the least volatile, but may have the lowest returns. Equity funds can be the most risky. The value of investment funds can change from day to day because the value of the securities in which they invest can be affected by changes in interest rates, the economy, financial markets or company news. When an Investor redeems its investment fund units, they may be worth less than when it bought them.

(c) Not a deposit with a bank

An investment in the Fund is not a deposit with any local bank sponsoring, selling or otherwise affiliated with the Fund but is the acquisition of a unit in the Fund. The assets of the Fund will be owned collectively by the Investors and each Investor will own an undivided interest. The Fund Manager will establish a separate local bank account in the name of the Fund with HSBC into which it will deposit all monies from Investors and from which it will debit payments for investments in investee companies and expenses incurred in the operation and administration of the Fund in accordance with the Terms and Conditions.

Each Investor acknowledges that the Fund Manager has made him or her aware of, and that the Investor understands, the risks inherent in investing in the Fund and the Fund's trading in securities and other investments, resulting in the possible loss of part or all of the Investor's investment.

2.11 *Fees and expenses*

Investors acquiring units in the Fund will be required to pay a management fee accruing twice weekly at the annual rate of 2% of the net asset value of the investment of that Investor in the Fund to the Fund Manager. The management fee is payable to the Fund Manager on a quarterly basis and the fees are exclusive of Value Added Tax "VAT", to be calculated on every valuation day and paid on a quarterly basis. Investors will be required to pay an upfront subscription fee of not greater than 2% of investments made into the Fund and it's exclusive of Value Added Tax "VAT".

The Fund will be liable for the following costs and expenses (which shall be paid out of the Fund's assets):

- Custody and safekeeping fees for investments in unlisted companies on a per class of security basis at SR 3,750 per month and the fees are exclusive of Value Added Tax "VAT", to be calculated on every valuation day and paid on a monthly basis.

562.50 per transaction and for listed equities and fixed income investments at SR 150 per transaction and the fees are exclusive of Value Added Tax "VAT", to be calculated on every valuation day and paid on a monthly basis.

- Administration fees, as agreed under the terms of the Administration Agreement, charged as of each Dealing Day at a rate of not greater than 13 bps per annum of the net asset value of the Fund, subject to a minimum annual fee of SR 90,000 and the fees are exclusive of Value Added Tax "VAT", to be calculated on every valuation day and paid on a monthly basis.
- Registrar fees, as agreed under the terms of the Registrar Agreement, SR 937 per month to cover 50 investors. SR 18.75 per month per investor for each additional investor above the initial 50 investors. SR 112.50 per subscription, redemption or transfer between investors in the Fund and the fees are exclusive of Value Added Tax "VAT", to be calculated on every valuation day and paid on a monthly basis.

Please also refer to Schedule 1 to this Information Memorandum for the Summary Financial Disclosure required to be provided in annex 1 to the Regulations.

2.12 *Dealing costs*

The Fund will bear any costs of dealing in securities forming part of the assets of the Fund in accordance with the terms of the Custody Agreement.

2.13 *Winding up and the appointment of a liquidator*

(a) Termination

The Fund Manager has the right to terminate the Fund on not less than two months' notice to Investors, subject to having obtained the prior written approval of the CMA. Upon serving notice of termination of the Fund, the Fund Manager will seek to liquidate the Fund's assets, discharge its liabilities and distribute any remaining proceeds to Investors in proportion to their respective investments on the date of the liquidation distribution.

(b) Replacement

In accordance with the Regulations, the CMA shall have the power to appoint a replacement fund manager or a liquidator or to take any other measure it deems appropriate.

2.14 *Fund Board*

(a) Directors

The Fund's board of directors currently has three members. Two directors, Abdulelah Akbar and Nadim Defouni, are independent and the third, Hatem Adnan, is nominated by the Fund Manager. Remittance of redemption amounts will be made in Saudi Riyals by inter-bank transfer on the Settlement Day following the Dealing Day on which the Redemption Application Form is submitted. Proceeds of redemption of units will only be paid to the account of the unit holder account; third party payments are not permissible.

Investors may elect to redeem all or part of their investment in the Fund (subject to a minimum redemption of SR50,000 or an Investor's entire holding in the Fund if less than SR50,000). If any redemption would reduce an Investor's investment in the Fund to less than the minimum initial participation amount specified (being SR50,000), that Investor's entire investment may be required to be redeemed at the Fund Manager's discretion. The Fund Manager is not bound to redeem more than 10% of the total number of units in the Fund on any Dealing Day, if it does receive redemption requests in excess of such amount on any Dealing Day, will honour redemption requests on a pro rata basis. Any excess redemptions will be made on the next Dealing Day in priority to Redemption Application Forms received subsequently.

- (f) Minimum number or value of units that an Investor must hold or seek to sell or redeem

- (g) Entitlement of Fund Manager, circumstances in which he may defer or refuse subscriptions or redemptions

The Fund Manager may at his own discretion defer or refuse subscriptions or redemptions provided that if the Fund Manager seeks to defer redemptions of less than 10% of the total number of units in the Fund on any Dealing Day, the Fund Manager shall seek the approval of the CMA.

- (h) Transfer of Units

Subject to the Minimum Initial Subscription, the unit holder is permitted to transfer a portion or all his units in the Fund to another party (the "Transferee") by submitting a written and

signed request that includes (1) the full name of the Transferor, (2) the number of units to be transferred, and (3) information on the Transferee. The Transferee will also need to complete & sign the Subscription Application form and submit the complete documentation to satisfy AML requirements.

2.24 Valuation of the assets of the Fund

(a) Net Asset Value

The assets of the Fund will be valued on each Dealing Day on the basis of net asset value, being defined as: current market prices of the Fund's assets less all charges calculated as at close of business on the date of valuation, whether paid or accrued. Securities and assets held by the Fund and quoted on a stock exchange shall be valued at their closing price on the date of valuation.

(b) Calculation method

Subscription and redemption prices are based on the net asset value and will be calculated by HSBC in Saudi Riyal twice weekly on each Dealing Day, i.e. each Monday and Wednesday on which the Tadawul is open on the basis of the Fund's investments determined at the close of business on the previous day and if this day is a public holiday then the net asset value will be calculated on the basis of the Fund's investments determined at the close of business on the Business Day immediately preceding the Dealing Day. The net asset value so calculated will form the basis for determining subscription and redemption prices. Details of subscription and redemption prices and the net asset value will be published at www.tadawul.com.sa and www.efg-hermes.com and will also be available on request from the Fund Manager, as well as being circulated through Bloomberg and Reuters. In addition, Investors will be sent details of the net asset value and a brief report on the Fund's performance on a monthly basis.

The net asset value will be determined by subtracting the liabilities of the Fund (including, without limitation, its accrued expenses (including accrued management fees and such amount in respect of contingent or projected expenses as the directors of the Fund consider fair and reasonable)) from the value of the Fund's assets (including without limitation, any unamortised expenses).

The assets of the Fund will be valued in accordance with the methods determined from time to time by the Fund Board. Listed investments will be valued on the basis of the most recent available closing price as derived or reported by Reuters or any other reporting or information system in common use. Unlisted securities and quoted securities for which a price is unavailable will be valued on such basis as may be determined by the Fund Manager.

Liabilities and deposits will be valued with accrued interest or at market prices as appropriate. If the directors of the Fund consider that any of these valuation rules do not give rise to a fair value or if they consider by reason of market illiquidity, currency export restrictions or otherwise that the Fund could not reasonably be expected to realise an investment at such value, they may adopt or approve such other valuations as they consider fair in the circumstances. The net asset value per unit is calculated by ascertaining the net asset value of the Fund and dividing such sum by the number of units in issue (including any units to be redeemed).

Subscription and redemption prices will be calculated as follows:

- Subscription price

The subscription price per unit shall equal the net asset value per unit as at the relevant date plus a front end charge of up to 2% of the net asset value per unit exclusive of Value Added Tax "VAT".

- Redemption price

The redemption price per unit shall equal the net asset value per unit as at the relevant date.

As will be appreciated from the above methodology, the subscription price on any given date will never be lower than the redemption price on the same date. Where there are both subscriptions and redemptions to be effected in the same cycle, the difference between the subscription and redemption prices will be less than would otherwise have been the case, as cash received on subscriptions can be applied to pay redemption monies, thereby reducing both acquisition and disposal costs.

(c) Unit price publication

The Fund's net asset value and unit price will be published by 10:00 a.m. Riyadh time on each Publication Day using the calculation methods set out in section 2.24(b). Current unit prices will also be available at www.efg-hermes.com and www.tadawul.com.sa as well as being distributed via Bloomberg and Reuters.

(d) Dividends and distributions

The Fund is an income accumulation Fund whereby its net income will be reinvested in the Fund and not distributed as dividends on the units. Reinvestment of income will be reflected in the value and price of the units.

2.25 *Dilution*

There will be no dilution charge.

2.26 *Termination*

If the Fund Manager determines that the value of the Fund's assets is insufficient to justify continued operation of the Fund or if the Fund Manager deems any change in law, regulation or other circumstances to be an appropriate reason for terminating the Fund, the Fund Manager may, upon giving notice of its intention to do so to the Investors and after CMA approval, terminate the Fund after giving 60 days' notice to the Investors. In such case, the Fund's assets will be liquidated, its liabilities discharged and the remaining proceeds of such liquidation distributed to the Investors within 30 days of such notice in the proportion which their units bear to the total units then ascertained by the Fund Manager to be in issue.

2.27 *Reporting to unitholders*

Investors will receive twice weekly net asset valuations of the Fund, a monthly investment report and a copy of the Fund's semi-annual report and audited financial statements. Investors will also receive a quarterly record of transactions along with the then-current total

net asset value and the number and net asset value of units in the Fund held by that Investor.

2.28 *Conflicts of interest*

By investing in the Fund, each Investor acknowledges and accepts that members of the EFG-Hermes KSA Group, including the Fund Manager, their affiliates or directors, officers, agents or employees may, from time to time, have a position in, or underwrite any investment held in, the Fund, purchase or sell such investments for its other customers and have banking relationships with companies with which the Fund is dealing. The Fund Manager may, from time to time, deal on the Fund's behalf with its affiliates upon terms no less favourable to the Fund than would be obtained from a non-affiliated counterparty. The Fund Manager will report to the directors on a half-yearly basis full details of the volume of brokerage handled by its affiliates and entities related to directors of the Fund the amount of brokerage commission charged.

The Fund Manager will use its best efforts to resolve any conflicts between the Fund and other collective investment schemes managed by, or clients of, the Fund Manager or its affiliates equitably. Should a material conflict of interest actually arise, the directors of the Fund will endeavour to ensure that it is resolved fairly.

2.29 *Voting rights policies*

After consulting with the EFG-Hermes KSA compliance officer, the Fund's board shall approve the general policies relating to the exercise of the voting rights granted to the Fund pursuant to the securities that represent part of the Fund's assets. The Fund Manager shall decide in its discretion, after consultation with the compliance officer, whether the voting rights should be exercised or not, and if so, how they should be exercised.

2.30 *Changes to the terms and conditions*

Terms and conditions of the Fund may be changed at any time in accordance with the provision of the Regulations. The Fund Manager will notify Investors of all material changes and furnish the amended Terms and Conditions to Investors within 30 days of obtaining CMA approval and in case of material changes not less than sixty days in advance of the effective date of such changes. Any such changes shall be binding on all Investors.

2.31 *Complaints procedure*

If an Investor has any complaint regarding the Fund, he should address his complaint to:

2.32 *Governing law*

The Fund is regulated by the laws of the Kingdom of Saudi Arabia and subject to the rules and regulations issued from time to time by the CMA. The Terms and Conditions Fund are subject to changes in these rules and regulations.

Any disputes arising between the parties in relation to, or in connection with the Terms and Conditions shall be referred to the Committee for the Resolution of Securities Disputes.

2.33 *Compliance with regulations*

1. Regulations

This Agreement constitutes a legally binding document that governs the basis on which the Investor subscribes for units in the Fund and the basis on which the Fund Manager manages the Fund. The Investor confirms that it acts as principal and not as agent or otherwise on behalf of someone else in its dealings with the Fund Manager. The Investor also confirms that his investment objectives are in line with the defined objectives of the Fund as set out in the Terms and Conditions.

This Agreement takes effect once the Fund Manager receives from the Investor an executed copy of this Agreement and cleared funds in the investment amount.

This Agreement is subject to the Regulations, issued by the CMA, based on the Capital Market Law and the rules made thereunder, including the Authorised Persons Regulations and all other applicable rules and regulations that may be in force from time to time.

If there is any conflict between this Agreement and any of the Regulations, the Regulations shall prevail to the extent of the inconsistency.

The Fund Manager may take, or refrain from taking, any action it considers necessary to ensure compliance with any such Regulations and it will not be liable in respect of any such action taken in good faith. Whatever the Fund Manager does, or refrains from doing in relation to the Fund, in order to comply with the Regulations will be binding on the Investor. Any actions it takes, or refrains from taking, for the purpose of complying with the Regulations will not render the Fund Manager or any of its directors, officers, employees or agents liable to the Investor.

This Agreement applies identical terms and conditions to all Investors and contains all the terms agreed between the Fund Manager and the Investor and supersedes any prior agreement, understanding or arrangement between them, whether oral or in writing. No representation, undertaking or promise shall be taken to have been given or be implied from anything said or written in negotiations between the Fund Manager and Investor prior to this Agreement except as expressly stated herein. Neither the Fund Manager nor the Investor shall have any remedy in respect of any untrue statement made by the other upon which that party relied in entering into this Agreement (unless such untrue statement was made fraudulently or was as to a fundamental matter including a matter fundamental to the other party's ability to perform its obligations under this Agreement) and that party's only remedies shall be for breach of contract.

The Investor acknowledges that all transactions under this Agreement are subject to the aforementioned regulatory requirements and the Investor shall not thereby be given any independent legal or contractual rights with respect to such transactions.

The Terms and Conditions and other investment fund documentation comply with the Regulations and, in the opinion of the Fund Manager, contain full, true and plain disclosures of all material facts relevant to the Fund.

2. The Investors

The Investor can be a single person, joint person, an establishment, a partnership or a limited liability company, or any other legal entity.

In the event that the Investor is two or more persons then, unless indicated otherwise, an investment made in the Fund shall be considered the joint property of such persons who, individually and severally, authorise the Fund Manager to act upon written instructions of all, both, or any one of such persons.

All details given by the Investor to the Fund Manager in relation to his contact particulars are, and shall remain, current and complete.

In the event that the Investor is an establishment, a partnership or a limited liability company then, prior to such an Investor commencing investments in the Fund, such Investor shall furnish to the Fund Manager a copy of its commercial registration, Articles of Association, Partnership Agreement, corporate resolutions listing the authorised signatories, or any other documentation deemed necessary, in a form satisfactory to the Fund Manager.

The Fund Manager reserves the right to refuse an Investor's application if the Fund Manager is not satisfied with any part of the documentation supplied.

3. Investment Information

The Investor acknowledges that:

(i) any market recommendations and information communicated to him by the Fund Manager or by any person employed by or representing the Fund Manager, does not constitute an offer to buy, sell or hold units in the Fund,

(ii) such recommendation and information, although based upon information obtained from sources believed by the Fund Manager to be reliable, may be based solely on the Fund Manager's opinion and that such information may be incomplete and may be unverified, and

(iii) the Fund Manager makes no representation, warranty or guarantee as to, and shall not be responsible for, the accuracy or completeness of any information furnished to the Investor.

The Investor acknowledges that the Fund Manager and/or its officers, directors, affiliates, associates, stockholders or representatives may have a position in or may intend to buy or sell securities, and that such persons' market position may not be consistent with the securities held by the Fund.

4. Fund Management and Third Party Services

Under the Agreement, the Investor along with all others investing in the Fund, requests and authorises the Fund Manager to invest the Fund's assets in accordance with the Fund's investment objectives and strategies. The Fund Management Arrangements are set out in Schedule 4.

The Investor authorizes the Fund Manager to appoint, on such terms as the Fund Manager sees fit, any investment company, bank or other financial institution inside the Kingdom of Saudi Arabia to act as investment advisor, or sub-manager, correspondent bank, broker or securities dealer and to pay the fees and expenses of any such person from the assets of the Fund.

The Fund Manager exercises reasonable professional care and applies the standards required under the Authorised Persons Regulations in the selection of third

parties to render services in connection with any investments and transactions therein. The Investor accepts that any third party firm or individual acts as an independent contractor, not as an agent of the Fund Manager, and the Fund Manager shall not be liable for any act or omission by any such party nor shall the Fund Manager be liable for any losses, damages, liabilities or expenses incurred by the Investor arising from the failure of any such party to perform their functions correctly, accurately or within the customary or requisite time, or from the insolvency of any such party.

Redemption of units and the payment of Fund liabilities can be effected only from the assets of the Fund, without recourse to the assets of the Fund Manager or any delegated party. An Investor obtains no specific rights to the whole or any specific part of the underlying investments in the Fund's portfolio.

The Fund Manager shall provide the Fund Board with all necessary information relating to the Fund, to enable the Fund directors to perform their duties completely.

5. Confidentiality

Subject to the dissemination of information to Investors herein, the details of the Fund transactions shall be treated as confidential, except to the extent that information is disclosed:

- (a) pursuant to any applicable law, regulation or code of conduct, or
- (b) by order of a court of law, or
- (c) in response to an inquiry by a regulatory or governmental authority concerning information reasonably required by them in the course of their official duties, and subject to assurances that such information will be used only for the purposes specified and will otherwise be kept confidential.

The Fund Manager may disclose details of the Investor's relationship with the Fund Manager to authorised third parties with whom the Fund Manager deals in the performance of the agreed investment services on behalf of the Investor, for their confidential and internal use and/or as a requirement of processing transactions on behalf of the Investor.

6. Limitation of the Fund Manager's Liability

Neither the Fund Manager nor any affiliate of the Fund Manager, nor any of the Fund Manager's or its affiliates' respective directors, officers, employees or agents shall be liable to the Investor for any loss, damages, costs, expenses or other liabilities suffered by the Investor or the Fund's assets, unless such outcome is caused by such persons' grossly negligent action or omission.

Under no circumstances shall the Fund Manager or any affiliate of the Fund Manager, or any of the Fund Manager's or its affiliates' respective directors, officers, employees or agents, be liable to the Investor for indirect or consequential losses, including any failure to realize any profit, advantage or opportunity.

Without prejudice to the foregoing provisions of this Agreement, and for the avoidance of doubt, the Investor expressly acknowledges and agrees that:

- (d) the Fund Manager makes no representation or warranty as to the performance or profitability of any underlying investments in the Fund and the Fund Manager shall have no liability or responsibility for any decline in the value of an underlying investment or the Fund assets; and
- (e) the Fund Manager shall be entitled to rely, in the performance of its obligations hereunder, on the opinion and statements of third party professional advisors which it will select with reasonable care and instruct in good faith and shall not be liable to the Investor for any adverse effect of having relied thereon.

The above limitations on the Fund Manager's liability apply in so far as they are not inconsistent with the Fund Manager's obligations under the Capital Market Law or the Regulations.

7. Mailing Address

The Investor shall be responsible for providing the Fund Manager with his current contact particulars including mailing address, electronic mail (e-mail), landline and mobile telephone numbers and, in the case of an Investor which is not a natural person, the name of the individual or individuals who represent that Investor, at all times and for advising the Fund Manager promptly of any change therein.

All statements, advices and other written communications by the Fund Manager shall be mailed, or e-mailed, to the Investor's mailing/electronic address provided in the Agreement or to such other address as shall have been furnished by the Investor to the Fund Manager in writing.

In the event that Investor does not provide the Fund Manager with a correct mailing and/or electronic mail address or specifically advises the Fund Manager that he does not wish to receive any mailings, including statements and advices, with respect to their investments, then the Investor is deemed to have agreed to indemnify and hold the Fund Manager harmless in respect of, and to waive, all of his rights or claims against the Fund Manager arising directly or indirectly from the non-provision of statements, advices or other information relating to the investment, or because of such non-provision, the Investor's inability to respond to or seek rectification of any errors or alleged errors in such statements, advices, or other information.

8. Electronic Services

The Investor understands and agrees that the Fund Manager may communicate with the Investor through electronic mail providing confirmations, periodic account statements, prospectuses, proxy statements and reports in lieu of sending a hardcopy of these documents or communications, and these documents shall be deemed to be "written" documents for purposes of law that require delivery of a written document. (The Fund Manager will mail a hardcopy of these documents or communications to the Investor's mailing address upon written request.) Notices and other communications delivered to the electronic mail address provided by the Investor shall, until the Fund Manager has received notice in writing of any different electronic mail address, be deemed to have been personally delivered to the Investor whether actually received or not. The Investor agrees to notify the Fund Manager promptly of any change in the Investor's electronic mail address. The Investor understands and agrees that any electronic mail, order or other message the Investor sends to the Fund Manager through electronic media shall be deemed "signed" by the Investor if transmitting it requires Investor's user ID and password.

9. Force Majeure

The Fund Manager shall not be in breach of its obligations under this Agreement and shall not be liable to the Investor for any loss caused directly or indirectly by Force Majeure, including, without limitation, acts of government, exchange or market rulings, suspension of trading, inability to communicate with market makers for whatever reason, breakdown of the computer systems of third parties or other machine failure, impediments to the supply of goods or equipment, or any other cause or conditions beyond the control of the Fund Manager.

If any Event of Force Majeure occurs, the date(s) for performance of the obligation(s) affected shall be postponed for so long as is made necessary by the Event of Force Majeure.

The Fund Manager will use all reasonable endeavours to minimize the effects of any Event of Force Majeure.

10. Due Diligence and Suspicious Operations

The Investor shall ensure that the monies used to subscribe to the Fund are not of suspicious or criminal origin. If the Fund Manager detects that the structure or size of the Investor's orders deviate from normal or they have no obvious financial purpose or they do not match with the Investor's financial position or business operations, or if the Fund Manager has reason to suspect the legal origin of monies related to the business operations, the Fund Manager is obliged to discontinue operations for investigation or refuse business and immediately inform the anti-money laundering authorities of the situation and deliver any information and documents on request which may be important to investigate the suspicion.

The Fund Manager reserves the right to carry out the transactions for business reasons after which the matter must be reported to the Anti-Money Laundering authorities immediately. The Fund Manager is not according to law allowed to inform the Investor of the notification of the suspicious transaction.

11. Sharing of Information

Information necessary to open the Investor's account, processing his transactions and to comply with applicable laws will be shared to the extent required between the Fund Manager and third parties (banks and agents) selected by the Fund Manager. The Investor also agrees that such information may also be shared with authorities.

12. Notices

Any notice, consent, request, claim, demand, instruction or other communication given or made hereunder shall be deemed to be sufficiently given or made if in writing and delivered by post-paid registered mail or express courier service (with way bill confirmation) or facsimile delivered or sent to the unit holder at his address or fax number or email address provided by him.

Damages resulting from the use of the postal services, courier and electronic means of communication, especially from loss, delay, misunderstanding, mutilation or double dispatch are to be borne by the Investor, provided that the Fund Manager has

not acted with negligence. In case of litigation, the onus of proof is borne by the Investor.

13. Death of the Investor

In case of an individual Investor, the Terms and Conditions shall be fully binding upon the heirs, executors, administrators, personal representatives, trustees and successors of the Investor and the Investor's agreement to the Terms and Conditions shall not be terminated automatically upon the death or disability of the Investor.

In the event that the Investor is a legal entity, this Agreement shall not terminate automatically on the death, disability, insolvency or dissolution of any partner or shareholder therein.

Notwithstanding the foregoing, however, the Fund Manager shall be entitled, at its sole discretion, to suspend any dealings in connection herewith, pending receipt by the Fund Manager of a court order, power of attorney or other evidence satisfactory to itself of the authority vested upon the heirs, executors, administrators, personal representatives, trustees or successors to permit such dealings.

14. Severability

If any provision or condition of this Agreement shall be held to be invalid or unenforceable by any court or regulatory or self-regulatory agency or body, such invalidity or unenforceability shall attach only to such provision or condition. The validity of the remaining provisions shall not be affected thereby and this Agreement shall be carried out as if any such invalid or unenforceable provision or condition was not contained herein.

15. Rights and Remedies

The rights and remedies of the parties in connection with this Agreement are not exclusive of any other rights or remedies provided by laws

16. Governing Law

The Fund is regulated by the laws of the Kingdom of Saudi Arabia and subject to the rules and regulations issued from time to time by the CMA. The Terms and Conditions Fund are subject to changes in these rules and regulations.

Any disputes arising between the parties in relation to, or in connection with the Terms and Conditions shall be referred to a special disputes settlement committee or any other authority nominated in this place.
